Active Status:

-Actives just completed week 1 of their school term

-IFC voted on new recruitment rules for this semester: no neutral period, bids may be sent out day 1, bids can be accepted 48 hours after extension

-Actives are being very careful to strike a balance between careful values based recruitment and not being outbid by other fraternities.

-As of now, 5 bids have been extended, 1 accepted, and 8 further candidates are under consideration.

Car Show:

-Car show went great, great alumni turnout

-Planning to adjust the date next year so it does not coincide with Flushing Car Show

-Pictures forthcoming

Housing Corps Status:

-The nonprofit status is still a work in progress, however progress is being made

-Bylaws have been improved to prevent the ongoing issue from happening again

-We have gotten in contact with an accountant who is advising us further

-Information is being gathered to send to the IRS, all previous tax returns are being collected

-As of right now, housing corps is not recognized as a NFP organization, while there are no significant issues *yet*, the sooner this is solved the less likely we are to run into any

-Hard deadline on fixing this issue before housing corps elections in October

Old Business:

River Stairs Project:

-Temporary summer fix on the old stairs is still holding strong

-Actives to have a proposal drafted by the next meeting

New Business:

-Reminder that elections are in October. If interested in a position or more information, reach out to president Gary Zahn ASAP. We are always looking for new members.
